This meeting minutes are posted publicly on the school website at <http://gibson.ccsd.net/>

Meeting began: 2:30

New Business

- Budget - the budget for the 2022-2023 school year will be out in January. When Mrs.Keith and Mrs. Rodrigues receive it, they will sit down with the district budget group and will determine the allocation of the money not already slated for staffing and Gibson's yearly operations. Once the budget has been created, it will be brought to the SOT board for approval. Mrs. Rodrigues has received a grant for Capstone and a "matching grant" for 3 years of ST Math.
- COSA - Change of School Assignment. It is not official as of today, but Gibson is supposed to be on the list for 2022-23. With COSA once you are in you do not have to reapply each year.
- Courtyard - Kyle, Ron, and Javier have been working on cleaning up the courtyard. On the 29th Sharon and Jill came in to help finish it up. The plan for the new courtyard should be finalized by Spring Break. CCSD will come in and replace the irrigation and plant/bushes. Jill would like the school to adopt a desert tortoise for the courtyard. The supplies have been bought for the habitat. The cost to feed a tortoise the proper food will be \$35 a week. To help fund this it was discussed that families could adopt the

tortoise for a week. This would allow the parents to come in and help their child/children feed the tortoise. To ensure all students have a chance to feed the tortoise it was suggested that it be done as a class or "scholarships" be given to those who cannot afford the feeding fee. It was suggested to have a "Naming" contest fundraiser to help raise the money needed. There are specific plants that are needed for a tortoise habitat that will most likely not be provided by the district, possibly needing to fundraise to help purchase them.

- Carpet - The school will be getting new carpet. (Not the portables). It will take at least a week to replace the carpet. A schedule has been created as to when each room will be done. Prior to the carpet going in, each room and office will need to be boxed up. The workers will come in at 2:21 ish and photograph the room, shrink wrap shelves, desks, etc., move out the furniture, tear out the existing carpet, put in the new carpet, and put the furniture back based on the photo. The following day, the teachers and possible class will help organize the room. Mrs Keith is asking the Gibson families to offer grace to the teachers and staff during this time. It may take several days to get everything back together as it was originally. At the end of the school day, a technician will turn off the electronics and internet and then turn it back on when the work is completed each night. Due to potential problems, teachers have been instructed to have a contingency plan if they cannot access the internet for instructional purposes.
- Open Items - 5121 Reassessment Plan. Students who have missed a great amount of school instructional time will be given until the end of the school year to show improvement with standards. This mainly affects middle school and high school students. As it is, the teachers are meeting to come up with a plan for Gibson. Each school's plan will be similar but not matching.
- Meeting adjourned 3:22

Next meeting - February 2, 2:30 pm
